# Is Debian relevant? - Package usage

# Is Debian relevant? - Tested

## Is Debian relevant? - Flying

CADRE is 3 robots driving around on the moon, talking to each other and to a base station

*Within the Debian community, there exists an uneven distribution in terms of gender representation and geographic diversity. Currently, there is a notable over representation of male contributors originating from countries typically considered industrialized.*

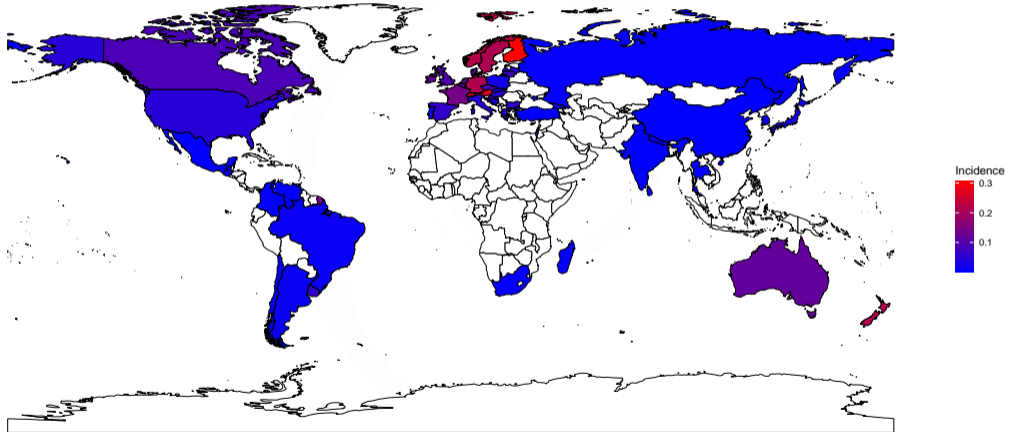

## Developer Locations

## Geographic diversity

### Incidence of Debian Developers per 100,000 Inhabitants

Countries with no data are shown in white

## Smoothen the path for newcomers

- Addressing geographic disparities by translation efforts
- Packaging Workshops<sup>1</sup>
- Bug of the Day
- Strengthen local events
- Streamline and unify packaging
