

DSA BoF

Tollef Fog Heen
Martin Zobel-Helas

DebConf14 - Portland, OR - USA

The DSA Team

- Faidon Liambotis (paravoid)
- Héctor Orón Martínez (zumbi)
- Luca Filipozzi (luca)
- Martin Zobel-Helas (zobel)
- Peter Palfrader (weasel)
- Stephen Gran (sgran)
- Tollef Fog Heen (Mithrandir)

Duties

- Build & maintain basic debian.org infrastructure (general sysadmin, accounts/LDAP, mail, DNS, ...)
- Provide infrastructure and support to teams (ftp-master, listmasters, bugsmasters, www, porters...)
- Deal with hosters & local admins (> 30 locations)

Software we use

- puppet
- git (<http://db.debian.org/git/>)
- ud-ldap
- munin, nagios
- RT

In the last two years...

- Long-term infrastructure plan ("Five Year Plan")
 - All core services hardware under warranty
 - Use server-grade hardware
- Hosting
 - Site consolidation, 3-5 hosting locations
 - Virtualization
- SSO

Things we're working on

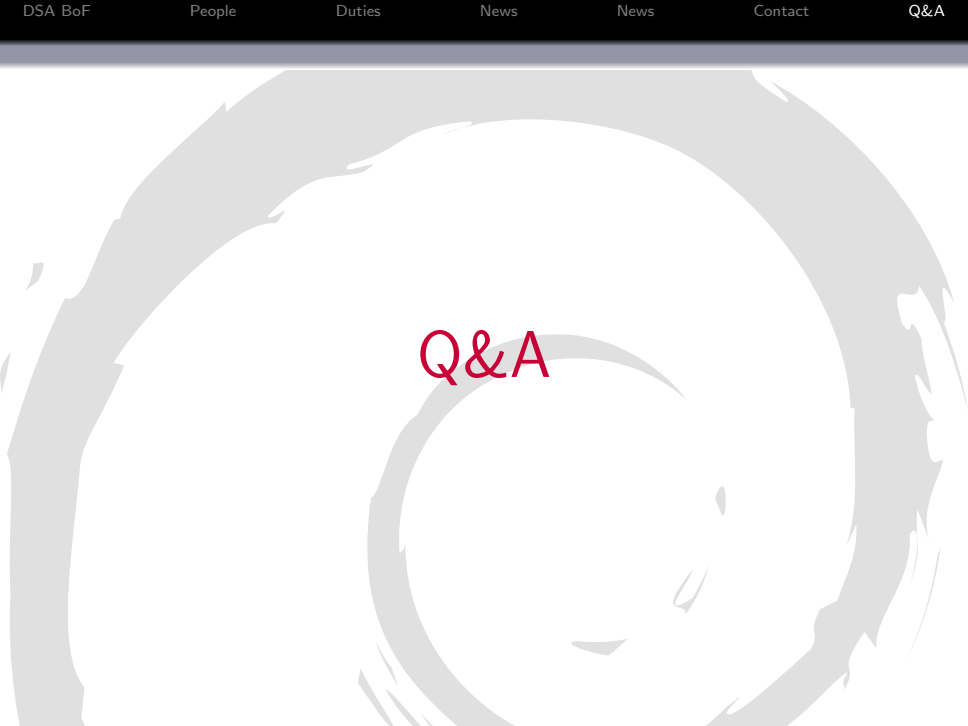

- Backups
- ud-ldap rewrite
- snapshot overhaul
- SSL
- OpenStack

Contact

- debian-admin@lists.debian.org
- dsa@debian.org (**NEW!**)
- [irc.debian.org #debian-admin](irc://irc.debian.org/#debian-admin)
- <https://rt.debian.org/>

How to help

- Send patches
- Contribute Code, Config or Documentation
- Hang out on IRC
